## Webinar Overview

**Jay Saling**

Business Development manager

Brings transparency and visibility to the supply chains of companies around the world.

# 54+ SUSTAINABILITY AND REGULATORY PROGRAMS

- Power point slides and recording of the webinar will be sent to all registrants once available.
- You can also find the entire presentation in the webinar section of our website
  - [www.sourceintelligence.com/webinar](http://www.sourceintelligence.com/webinar)
- Due to the large influx of questions asked via the registration form, we will be answering all questions in a follow up document that will be sent out in the days following the webinar. If you have any questions throughout the webinar, please type them in the GoToWebinar control panel and they will be added to the follow up document.

**Jack Schatz**

Editor-in-Chief

**Prop65**  
News

Jack Schatz is the publisher of Prop 65 News and the Proposition 65 Handbook editions. He began his career as a journalist in 1982, and later took an interest in chemical safety. His first involvement in Proposition 65 came in his participation in groundwater litigation concerning a former rocket facility.

Prop 65 News has published news about and related to California's Proposition 65 continuously since 1987.

**Wayne Rosenbaum**

Partner

ENVIRONMENTAL  
LAW GROUP LLP  
**Varco & Rosenbaum**

Mr. Rosenbaum develops compliance strategies for clients regulated under the storm water provisions of the Clean Water Act, the Endangered Species Act, the California Environmental Quality Act and other state and federal resources statutes. Relying on his broad experience with environmental permits and environmental management systems, Mr. Rosenbaum helps clients develop and implement solutions to environmental regulations that are both legally defensible and economically sustainable. Mr. Rosenbaum also assists his clients in defending their regulatory compliance programs against challenges by regulatory agencies and environmental groups.
